Service and support is the backbone of the aviation industry. And when you top excellent service with efficiency and passenger-friendly facilities you have what it takes to successfully operate an international hub airport, Thanks to this steadfast commitment to the passengers and partners, Skytrax has identified Munich Airport in 2021 as »The Best Airport in Europe« (for the 14th time in a row) and »The 6th Best Airport Worldwide«. Moreover, since 2015, Munich has boasted “Five-star Airport” status – as the first European airport to earn that honor.

Cosmopolitan and proud, life under Munich's skies holds a promise for everyone. Trend merges with tradition to create the magic Munich atmosphere which never fails to delight.

There are many factors that make Munich an extremely popular city: outstanding museums, world famous orchestras, magnificent churches and palaces, great shopping opportunities, lovely parks and gardens, a clear green mountain stream, the river Isar, that runs right through the city, high-calibre sports events, superb gastronomy, fun festivals and a first rate tourist infrastructure.
